SUMMARY

Full-Stack Web Developer skilled in building end-to-end web applications using modern frontend and backend technologies. Experienced with React.js, Next.js, Node.js, NestJS, PHP, and relational databases such as PostgreSQL, MySQL, and Oracle. Strong in designing REST APIs, developing user-friendly interfaces, and implementing secure, scalable, and maintainable solutions. Capable of managing both client-side and server-side responsibilities with a deep understanding of UI/UX, performance optimization, and database architecture.

TECHNICAL SKILLS

- **Frontend**: HTML5, CSS3, JavaScript (ES6+),React.js, Next.js,Tailwind CSS,Responsive UI Design,Figma.
- **Backend** : Node.js, PHP,NestJS, Express.js,REST API Development,Authentication (JWT, bcrypt)
- **Databases :** PostgreSQL,MySQL,Oracle
- **Tools & Platforms :** Git, GitHub,Postman,Linux basics,API Integration,Deployment (Vercel, simple hosting)

ACADEMIC & PERSONAL PROJECT

- **Library Management System** Developed a role-based system (Admin, Manager, Customer) for managing books, users, and transactions using HTML, CSS, JavaScript, and PHP.
- **Pet Care Management System** Designed and documented a complete software testing and quality assurance model to manage pet health records and appointments.
- **E-Commerce Platform** (Next.js, NestJS, PostgreSQL) Built a responsive full-stack e-commerce application with product listings, cart functionality, and order management using Next.js for the frontend and NestJS for the backend. Integrated a PostgreSQL database, implemented REST APIs, and focused on scalable architecture and component-based UI design.
- **Air Quality Index Monitoring System** Developed a web-based platform using PHP, HTML, CSS, and JavaScript to monitor air quality in real time, featuring dynamic data visualization, input validation, and a clean user interface.

EDUCATION

Bachelor of Science in Computer Science & Engineering (CSE) **Sept 2021 - Dec 2025**
American International University–Bangladesh (AIUB)

- Major in Software.
- Thesis on "Reliability-Aware Hybrid Machine Learning Framework for IoT-Enabled Multi-Output Weather Forecasting

Higher Secondary Certificate (HSC) **Jan 2019 - Dec 2020**

Islamia Govt. college Sirajgonj

- Discipline - Science

ADDITIONAL INFORMATION

- **Languages:** Bangla, English, Hindi
- **Extra-curricular Activity:** Mentored at Bangladesh Innovation Forum. Participated in North western University IUPC (2023) Team name: AIUBSearching
- **Workshops & Seminars:** Seminar on AI in Healthcare Held at AIUB ,“The Growth of CSE Education in Bangladesh” held in 2024 (ISU) ,IEB Seminar on “Digital Transformation: A Key Role of ICT and CSE in the 4th Industrial Revolution” (October 7, 2023)
